

Children should complete one piece of homework from this menu each week to earn a total of 20 points across the half term.

The first piece is due in on Wednesday 14th September.

Curricular Areas	KNOWLEDGE AND COMPREHENSION What do I know and understand?	APPLICATION Can I apply and show what I know?	ANALYSIS What can I question, compare and analyse?	SYNTHESIS What can I create?	EVALUATION Can I evaluate and make judgements?
I enjoy being scientific	List 5 organs in the human body and explain where they are located.	Describe how food travels through the body. You can do this by writing a paragraph, a poem or even a song!	Compare the diet of a human to an animal of your choice. What do they eat differently to us?	Create a poster to explain how the digestive system works.	Conduct a science investigation to find out who is the fastest member of your family/friends. Record how long it takes each person to run 100m and then present and compare your results.
I enjoy painting, drawing and visualising	Create some leaf rubbings	Mix different colours to create an autumnal forest scene.	Write a poem to 'paint a picture' in the reader's head of a forest scene, using figurative language.	Research the artist	Create a hanging decoration made from natural materials (twigs, sticks, pinecones, conkers).
I enjoy being active and doing hands-on activities	Find 5 sports that rely on having the right sort of weather.	Find or create a game that does not need any equipment. Explain the rules.	Make a rain tube (musical instrument).	Create a gymnastics sequence that you can show the class.	Look at a gymnast's performance from the Commonwealth games in the summer of 2022. Evaluate their routine. What did you like about it?
Points per activity	2	4	6	8	10

Work at home information:

This year, we are launching Bedrock Vocabulary, which is a fabulous interactive programme that develops the children's vocabulary. We are using it in school and would like the children to use it alongside their school learning at home. 5 dojo points will be given to the children who complete 15 minutes across the week - it can be in small sessions of 5 minutes. Any device can be used to access this app, as long as the internet is available.

Year 3/4

Homework Menu: Super Stone Age

Due date: One piece every Wednesday.

Children should complete one piece of homework from this menu each week to earn a total of 20 points across the half term.

The first piece is due in on Wednesday 14th September.

For their maths, we use Times Tables Rock Stars (TTRS) to help improve their times table knowledge. Again, we expect 15 minutes across the week to spend practising their maths skills. 5 dojos will be awarded for those who complete this 😊

We will be able to see who has gone on both of these things at home by going on to the app and looking at weekly engagement, then we will give dojo points out accordingly 😊
