

Children should complete one piece of homework each week so that at the end of each half term every curricular area has been covered.

The children should complete a minimum of 25 points over the half term. The first piece needs to be handed in on Wednesday 1<sup>st</sup> March 2023

Curricular Areas	KNOWLEDGE AND COMPREHENSION What do I know and understand?	APPLICATION Can I apply and show what I know?	ANALYSIS What can I question, compare and analyse?	SYNTHESIS What can I create?	EVALUATION Can I evaluate and make judgements?
I enjoy reading, writing and speaking	Write	Read and research the history of a famous Viking. What are they famous for?	Research and compare a Viking longboat to a boat that is used today.	Create a recipe using one of the foods that the Vikings introduced to us. Present it in an attractive, appealing way.	Choose 2 authors or 2 of your favourite books. Compare the similarities and differences.
I enjoy working with numbers	Find out why the number 9 was important to the Vikings.	What number system did the Vikings use and create a poster showing examples.	Using nets to make 3d shapes, create a design for either a Viking building or boat.	Create an illustrated timeline from the Vikings to the present day, which includes KEY events in history.	Plan and evaluate a holiday to Europe (where the Anglo-Saxons and Vikings originated from). Include prices of flights, hotels, budgets for meals and sight-seeing activities.
I enjoy being scientific	Draw and label the solar system.	Order the planets from: Biggest to smallest. Heaviest to lightest. Warmest to coldest. Do you notice any patterns?	Analyse a device that would help a person live on the moon. Explain how this would work.	Create a 3D model of the solar system.	If you were on the next mission to Mars, what would you need? How would you feel? What would you look forward to? What would you miss? Draw a picture to go with your evaluation about what life on Mars could be like.
