To take effect from 1 September 2023

At Greenwood Academies Trust we are committed to safeguarding children and young people and we expect everyone employed by us to share this commitment.

All adults employed by the Trust are aware that safeguarding is everyone's responsibility and that they have a role to play in ensuring the safety and wellbeing of children. All adults working within the Trust take all welfare concerns seriously and encourage children and young people to talk to us about anything that worries them whilst recognising that children may not feel ready or know how to tell someone they are being abused, exploited or neglected, and/or they may not recognise their experiences as harmful.

All adults are aware that no single practitioner can have a full picture of a child's needs and circumstances. In order to ensure that the welfare of the child is paramount, adults will always consider and act in the best interests of the child.

- All children regardless of age, gender, culture, language, race, ability, sexual identity or religion have equal rights to protection, safeguarding and opportunities.
- We recognise that all adults, including temporary staff, volunteers and Trustees, have a full and active part to play in protecting our students from harm and have an equal responsibility to act on any suspicion or disclosure that may suggest a child is at risk of harm.
- All staff believe that our academies should provide a caring, positive, safe and stimulating environment that promotes the social, physical, mental wellbeing and moral development of the individual child.
- Students and staff involved in child protection issues will receive appropriate support and supervision

1. Purpose of this policy

The purpose of this policy is to provide an umbrella document that summarises the aspects of safeguarding and child protection that are common across the Trust.

Each Academy within the Trust has a Site Specific Arrangements document which is published on their individual website. A list of Academies and their websites are included in Appendix 1 of this document.

This policy should be read alongside the following documents:

- Individual Academy: Site Specific Arrangements for Safeguarding and Child Protection
- Greenwood Academies Trust: Managing Allegations Against Adults Working within the Trust Policy
- Greenwood Academies Trust: Safeguarding Training Curriculum (Internal)
- DfE Keeping Children Safe in Education – September 2023

- Local arrangements for managing allegations issued through the relevant Local Safeguarding Partnership
- Working Together to Safeguard Children – July 2018
- The Children Act 1989 and 2004
- The Children and Social Work Act 2017
- The Education Act 2002

2. The Law and National Framework

The requirements of the Trust and each Academy to safeguard and promote the welfare of all children and young people are embedded in legislation, government and Local Authority guidance. The Trust Safeguarding Policy is in line with this wider framework.

2.1 Legal

Appendix 2 outlines the key legal framework and the important difference between prevention and protection which underpin the work of safeguarding.

2.2 Government

The government guidance ‘Working Together to Safeguard Children – July 2018’ and ‘Keeping Children Safe in Education 2023’ are the essential national safeguarding documents and give practical guidance on implementing legal requirements. Each Academy should have at least one copy of each which should be accessible to staff.

All adults working within the Trust must be issued with their own copy of Part 1 or Annex A of ‘Keeping Children Safe in Education 2023’ dependent on their role within the Academy / Trust and whether or not they are working directly with children and young people. Time must be given for staff to read the document and they must confirm by return that they have both read and understood the document.

2.3 Local

Local Safeguarding Partnerships (LSPs) are made up of senior managers from each main organisation to oversee at a local level the working together arrangements for safeguarding. Each partnership arrangement will have a unique offer that relates to the community they serve.

This body produces local procedures which have to be in line with ‘Working Together to Safeguard Children – July 2018’ and which influence each organisation’s own procedures.

Each Academy should have a copy of, and show due regard to, their local partnership arrangements. It is also an expectation of the Trust that DSLs will attend update events and training as required by their local partnership arrangements.

2.4 Organisational

Each Academy has in place its own published safeguarding arrangements which mirror and complement all of the above.

This Site Specific Arrangements document must be published on individual Academy websites.

2.5 Definitions and Terminology

It is important to see safeguarding as the “umbrella” term for everything that is done to support children and young people, to keep them safe and promote their welfare. ‘Working Together to Safeguard Children – July 2018’ defines safeguarding as:

- protecting children from maltreatment;
- preventing impairment of a child’s mental and physical health and development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

Child protection is defined as:

- part of safeguarding and promoting welfare; and
- the activity that is undertaken to protect specific children who are suffering, or who are likely to suffer, significant harm.

It can be seen therefore that protection is only one part of safeguarding and indeed the spirit of the legislation is about promotion of children’s needs and the prevention of harm. This supports the need for all adults to be able to respond early when they have a concern rather than wait until something is more defined and certain.

Staff refers to all those working for or on behalf of the school, full or part time, temporary or permanent, in either a paid or voluntary capacity.

Child includes everyone under the age of 18.

Parents refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents and LA corporate parents.

3. Roles and Responsibilities

Everyone has a role to play in ensuring the well-being and safety of children, young people, their families and each other.

Below is a brief description of those core responsibilities.

In the event of the long-term absence of the DSL, the Principal will identify a Deputy DSL to undertake the duties of the DSL listed above.

3.3 The Academy Principal

The Academy Senior Leadership Team will:

- promote the importance of safeguarding throughout the Academy;
- oversee the effectiveness of safeguarding systems, especially procedures, and review and report any changes that are required;
- support the work of the DSL to ensure an effective process for dealing with concerns; and
- ensure that the Academy fulfils its statutory duty to co-operate with other agencies and that the chain of accountability is clear from front line to senior level.

3.5 The Trust

The Trust Safeguarding Directorate will provide strategic leadership within the Greenwood Academies Trust for all aspects of safeguarding children and young people.

The Trust Safeguarding Directorate will:

- ensure that all policies and procedures are reviewed and updated in line with national and local requirements and appropriate changes disseminated to all Academies;

3.6 The Executive

The Deputy Chief Executive, through line management, will provide appropriate challenge and support to the Trust Safeguarding Directorate to ensure the Trust and the Academies it sponsors are taking all opportunities to safeguard and protect the children and young people that access their services.

4. Governance of Safeguarding

The Greenwood Academies Trust has appointed a Trustee to take responsibility for monitoring the Greenwood Academies Trust's safeguarding governance and management arrangements implemented by the Executive on behalf of the Trust Board.

The day to day leadership of safeguarding is delegated to the Trust Safeguarding Directorate, under the leadership of the Director of Safeguarding, who will work with Principals and DSLs to ensure that all statutory duties are fulfilled.

The Trust Safeguarding Directorate provides regular reports to the Trustee with responsibility for safeguarding along with other members of the Standards and Curriculum Sub-Committee of the Trust Board.

The role of the Safeguarding Trustee, with the support of the Standards and Curriculum Sub-Committee of the Trust Board, is to provide appropriate challenge and support to the Executive and Trust Safeguarding Directorate to ensure that they are satisfied that the Trust is fulfilling its safeguarding duties identified in the statutory guidance Keeping Children Safe in Education 2023.

5. Quality Assurance

Robust safeguarding practices and procedures are key to supporting and safeguarding the children and young people that access services from the Greenwood Academies Trust. Effective quality assurance measures are essential in ensuring the practices and procedures are fit for purpose.

The Principal, Designated Safeguarding Lead and Deputy Designated Safeguarding Lead(s) have specific roles within the Trust Safeguarding Quality Assurance process. These roles and responsibilities are stated in full in the Trust Safeguarding Quality Assurance Framework document.

Academies are part of an annual Quality Assurance Programme overseen by the Safeguarding Directorate. All outcomes of this activity are reported to the Principal, the Designated Safeguarding Lead, the respective Education Director, Executive Leadership Team and Trust Board.

6. Escalation

Staff need to be aware of those times when concerns may look as though they are not progressing to an outcome or some form of action. This may be indicated by:

- difficulty in getting hold of a DSL;
- staff not being satisfied about the decision of the DSL or Principal;
- staff aware that a colleague has not passed on a concern;
- external agencies not accepting a referral from an Academy when it is felt one is needed;
- staff not aware of what has happened to their concern because of a lack of feedback.

It is important that staff do not close down a concern because they feel 'stuck' or 'they can't do anymore'. It is important to escalate concerns to DSLs, Principals, other senior staff or if necessary, to the Trust Safeguarding Directorate.

If there are concerns about the work of an external agency please refer to the escalation policy published by the Local Safeguarding Partnership.

The important principle is not to allow a concern to be 'closed down' without it having received the necessary attention, assessment and resolution.

If the options above have been explored fully and the concern still isn't being handled effectively and therefore placing the child or young person at risk, it is important that you continue to escalate your concerns by contacting the Safeguarding Trustee via Greenwood House or by contacting the NSPCC Whistleblowing Advice Line on 0800 028 0285.

7. Managing Allegations against Adults Working within the Trust

The Trust takes very seriously allegations against any adult working within the Trust and acknowledges that if concerns are not addressed as early as possible they can create unsafe working environments and leave staff and children increasingly vulnerable.

The Trust has a 'Managing Allegations against Adults Working within the Trust' Policy which should be followed in all cases where concerns are identified in relation to an adult working within the Trust's conduct which affects/could affect the welfare of a child or may result in a potential safeguarding issue.

Concerns about colleagues may arise in a number of ways:

Low-Level Concerns

The term 'low-level' concern does not mean that it is insignificant. A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and/or
- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

- being over friendly with children;
- having favourites;
- taking photographs of children on their mobile phone, contrary to school policy
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door, or
- humiliating children.

Such behaviour can exist on a wide spectrum, from the inadvertent or thoughtless, or behaviour that may look to be inappropriate, but might not be in specific circumstances, through to that which is ultimately intended to enable abuse.

Concerns about colleagues in the context of the welfare and safeguarding of children may also arise through:

- poor attitude or practice that potentially impacts on the general wellbeing of children that needs addressing;
- aspects of poor practice witnessed by others;
- speaking against the ethos of the Academy; and/or
- non-compliance with Trust's policies and procedures relating to safeguarding including the staff Code of Conduct.

More specifically, allegations may be made against an adult working within the Trust by a child or colleague in relation to abuse. All of the above will be seen as reportable matters and discussions must take place without delay with the Principal. These may be categorised as a Low-Level Concern. This does not mean that it is insignificant but it may not meet the threshold for further investigation by the Local Authority Designated Officer (LADO).

All Low-Level concerns must be reported to the Principal and recorded appropriately. It is best practice to discuss *any* concern with the LADO to ensure appropriate action is taken in a timely manner.

Referrals to the Local Authority Designated Officer (LADO)

Concerns which must be reported immediately by the Principal to the Local Authority Designated Officer (LADO - who is the statutory lead for dealing with and advising about such issues), are those specifically where a member of staff has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; and/or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

Internal decisions in such cases must not be finalised without the advice of the LADO (*please refer to the full Managing Allegations Against Adults Working Within the Trust Policy for full reporting requirements*).

As part of the Managing Allegations process, the reasons why staff may not wish to report their colleagues have to be understood.

It would not be unusual for people to know and believe that practice is not acceptable but feel unable to respond because of the fear:

- they might have the concerns wrong;
- for their own job and prospects if they report another colleague;
- of isolation by other staff;
- about what might happen to the member of staff in the long term.

It is particularly difficult if adults are also close friends and/or partners in a relationship.

It must be recognised that the child's welfare remains paramount at all times and it can be very easy to lose sight of the impact on others of being on the receiving end of unacceptable and sometimes illegal behaviour.

Issues about attitude and poor practice may be dealt with internally and as part of the adult's development and competency. However, if such concerns are persistent and any plan has not affected change, advice should be sought and appropriate people included in the decision-making process. All concerns must be reported to the Principal who must liaise with the Trust Safeguarding Directorate and the LADO.

Please refer to the Managing Allegations Against Adults Working Within the Trust for full details of policy and procedure.

Appendix 2 – Legal Powers and Duties

The Children Act 1989 and 2004 outline the powers and duties to safeguard and promote the welfare of children. The key sections are described below.

Children Act 2004

Section 10 requires each Local Authority to make arrangements to promote co-operation between the authority, each of the authority's relevant partners and such other persons or bodies working with children in the Local Authority's area as the authority considers appropriate. The arrangements are to be made with a view to improving the wellbeing of children in the authority's area, which includes protection from harm or neglect alongside other outcomes.

Section 11 places duties on a range of organisations and individuals to ensure their functions, and any services that they contract out to others, are discharged with regard to the need to safeguard and promote the welfare of children.

This is a particularly important section for the Trust and all the Academies in understanding its need to co-operate with Children's Services Social Care in fulfilling this duty to safeguard and protect.

The Children and Social Work Act 2017

The Children Act 2004, as amended by the Children and Social Work Act 2017, strengthens this already important relationship by placing new duties on key agencies in a local area. Specifically the police, clinical commissioning groups and the local authority are under a duty to make arrangements to work together, and with other partners locally, to safeguard and promote the welfare of all children in their area.

Education Act 2002

Section 175 places a duty on Local Authorities in relation to their education functions, the governing bodies of maintained schools and the governing bodies of further education institutions (which include sixth-form colleges) to exercise their functions with a view to safeguarding and promoting the welfare of children who are either pupils at a school or who are pupils under 18 years of age attending further education institutions.

The same duty applies to independent schools (which include Academies/free schools) by virtue of regulations made under section 157 of this Act.

Children Act 1989

The Children Act 1989 places a duty on Local Authorities to promote and safeguard the welfare of children in need in their area.

Section 17(1) of the Children Act 1989 states that it shall be the general duty of every

Local Authority:

- a) to safeguard and promote the welfare of children within their area who are in need; and
- b) so far as is consistent with that duty, to promote the upbringing of such children by their families, by providing a range and level of services appropriate to those children's needs.

Section 17(10) states that a child shall be taken to be in need if:

- a) the child is unlikely to achieve or maintain, or to have the opportunity of achieving or maintaining, a reasonable standard of health or development without the provision of services by a Local Authority under Part III of the Children Act 1989;
- b) the child's health or development is likely to be significantly impaired, or further impaired, without the provision of such services; or
- c) the child is disabled.

Under section 17, Local Authorities have responsibility for determining what services should be provided to a child in need. This does not necessarily require Local Authorities themselves to be the provider of such services

Section 47(1) of the Children Act 1989 states that:

Where a Local Authority:

- a) are informed that a child who lives, or is found, in their area (i) is the subject of an emergency protection order, or (ii) is in police protection; and
- b) have reasonable cause to suspect that a child who lives, or is found, in their area is suffering, or is likely to suffer, significant harm: the Authority shall make, or cause to be made, such enquires as they consider necessary to enable them to decide whether they should take any action to safeguard and promote the child's welfare.

Section 53 of the Children Act 2004 amends both section 17 and section 47 of the Children Act 1989, to require in each case that before determining what services to provide or what action

to take, the Local Authority shall, so far as is reasonably practicable and consistent with the child's welfare:

- a) ascertain the child's wishes and feelings regarding the provision of those services or the action to be taken; and
- b) give due consideration (with regard to the child's age and understanding) to such wishes and feelings of the child as they have been able to ascertain.

Police Protection Powers

Under section 46 of the Children Act 1989, where a police officer has reasonable cause to believe that a child could otherwise be likely to suffer significant harm, the officer may:

- remove the child to suitable accommodation; or
 - take reasonable steps to ensure that the child's removal from any hospital, or other place in which the child is then being accommodated is prevented.
-
- No child may be kept in police protection for more than 72 hours.
