## Science Day – Monday 1<sup>st</sup> July

Dear Parents/Carers,

On Monday 1<sup>st</sup> July, we will be holding a whole school Science Day. The day will focus on experimenting skills and how to carry out fair tests. We will also be developing one of our SMART Values – Teamwork.

The theme for the day is raft building so we would really appreciate it if you could support your child, at home, to collect suitable recyclable materials to build their models. Materials can be brought into school from Wednesday 26<sup>th</sup> June.

We would like to invite parents to attend the morning session and support the children with their learning. The session will begin at the start of the school day. Refreshments will be provided in the Community Room at break time. If you are able to come into school and support, please complete the attached slip.

During the afternoon, children will be given the opportunity to share their work with their peers.

I am sure the children will enjoy the day and develop their scientific skills even further!

Thank you for your continued support.

Kind regards,

Mrs Marples.
